

CLEARBROOK

Enrich Lives. Embrace Potential.

For Individuals with Intellectual and Developmental Disabilities.

CEO UPDATE

October 2025

Dear Clearbrook Team,

As we wrap up October, I'm proud to reflect on the energy, collaboration, and celebration that filled Clearbrook this month.

In honor of **National Physical Therapy Month**, our dedicated PT team hosted fall prevention events across locations, providing safety tips and balance screenings for both clients and staff. Thank you, PT team, for proactively promoting safety and wellness for the Clearbrook community. You are an inspiring example of our best-in-class core value!

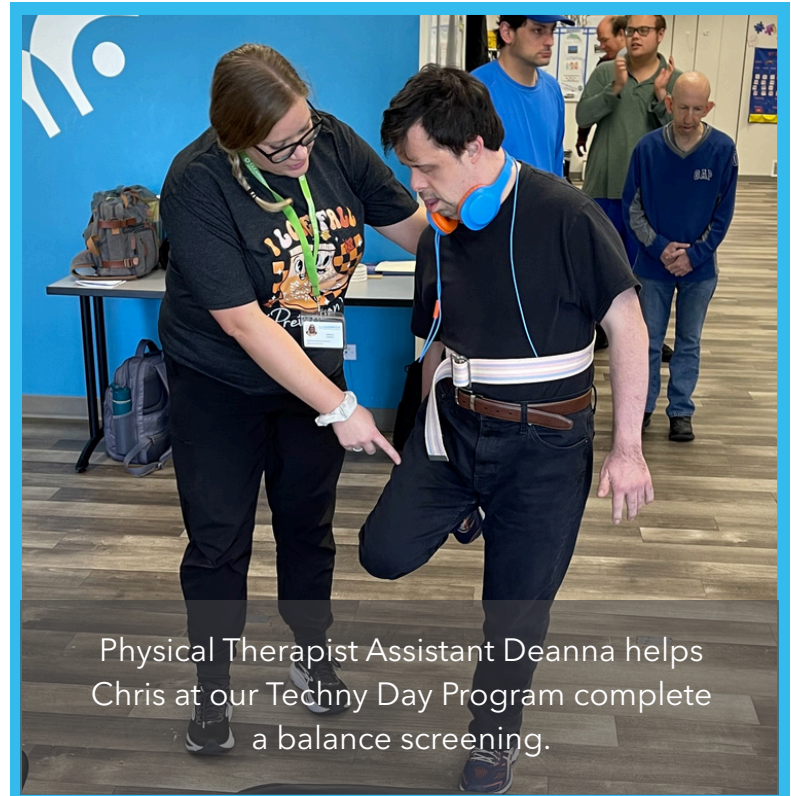

October is also **National Disability Employment Awareness Month**, and we celebrated with the official relaunch of Naturally Gifted-Clearbrook's artisan microbusiness run by talented individuals who are building skills, earning income, and creating something beautiful. If you missed this month's pop-up event at the Plaza, you can shop the new product line [here!](#)

Throughout **Spirit Week**, you brought our core values to life. Your enthusiasm was inspiring, and each day was a reminder of what makes Clearbrook special: all of you! Thank you to our Values Ambassadors for organizing such a fun week, and thanks to all who participated.

Finally, our annual **FunFest** events across programming brought joy and connection to our community. Thank you to everyone who helped make these moments memorable for the individuals we serve. Let's carry this momentum forward as we continue to grow, celebrate, and support one another.

With Gratitude,

Jessica Smart
Clearbrook President/CEO

Physical Therapist Assistant Deanna helps Chris at our Techny Day Program complete a balance screening.

Maddie, Hannah, Tony, and Kris (left to right) are the heart of Naturally Gifted, handcrafting each product with care.
